WOMEN EMPOWERMENT CELL

SOCIAL RESPONSIBLE ACTIVITY

Human Values for Rural Women

BRIEF NOTE

SSMIET Women empowerment cell have organized an awareness talk on “Human values for rural Women” of our college adopted village Mylapore on 06-03-2021. at 10.00 A.M in Village Skill Center by Dr.S.Karthigai Lakshmi, HOD/ECE. Human values play a crucial role in shaping the lives of rural women. By embracing empathy, resilience, equality, education, environmental stewardship, and strong community bonds, rural women can empower themselves and contribute significantly to the development of their communities. Recognizing and promoting these values not only improves the lives of individual women but also leads to the overall betterment of rural societies.

In her speech she expressed her concern on the present situations happening in the society on health issues like the latest unknown diseases happening in the village. she emphasized the importance of providing women education on safety measures for health. If the society is safety then family will be in safety. so, the entire family is in safety if women is safety who is responsible for her children health. Every women have to take responsibility for her own health by preventing hazardous medicines and by choosing healthy diet & also by planting fruits and vegetables in her balcony.

Human values are the virtues that guide us to take into account the human element when we interact with other human beings. Human values are for example, respect, acceptance, consideration, appreciation, listening, openness, affection, empathy and love towards other human beings. In this program, WEC members and rural women at Mylapore village are attended and benefitted.
