CCUCBE CADD ACADEMY @ CAMPUS

Companies are looking for demonstrable Specialization, Aptitude and Skills when recruiting fresh Engineering graduates.

CADD ACADEMY @ Campus Why?

CADD ACADEMY through its Industry experts and network of partnership Industries is bringing a program to bridge the gap between Academic learning and Industry expectations, creating a win-win environment where the Engineers graduate with latest, specialized, industry oriented skills and the Industry gets fresh Engineers who can be productive with minimal orientation.

The key features of the Campus Program are

- Design Engineering Training with Autodesk, PTC, Bentley, Ansys, Tekla authorized training program
- Training on product design and development methodologies based on Industry practices
- Alignment of the trainings in line with design and manufacturing practices of the partnering industries

Benefits of Engagement of Adoption at Your Campus with CADD ACADEMY

- We will equip CAD labs of Civil, Mechanical & Electrical Engineering with latest version software and provide support to maintain the lab.
- MOU with Autodesk, Bentley, Tekla authorized training centre.
- Autodesk , PTC, Bentley, ANSYS , Tekla Certified trainer training.
- Use the Name of Tekla logo inside campus and college profile.
- By using our deep industrial experience, we provide you the Know-How to bridge the technology gap.
- Providing additional resources to aid classroom training, Project & course implementation

Stand out with Certification

Competition for talent is fierce in today's marketplace. Universities want to enroll the smartest, most committed students and equip them for professional success after they graduate. Employers want to attract and retain well-qualified, ambitious professionals who not only work hard, but also help them win new projects and gain Industry recognition. Students and professionals just want to get ahead—and stay there.

Technology Training Report

As an initiative for technology training programme was conducted for Final year Civil Engineering students in our campus scheduled from 15.11.2021 to 22.11.2021. This training was given by Mr.S.Pradheep, CADD Centre, Coimbatore.

In this technology training – STADDPROM programme consists of 60 hours.

Students Learn from the Stadd pro programme

- To Analyse gravity and lateral load
- Check designs for cold-formed sections
- Complying with seismic requirements
- Create finite element meshes
- Design & Analyze with finite elements
- Design & Analyze structural models
- Design beams, columns, and walls
- Design lateral resisting frames
- Design for international design standards
- Generate design loads and load combinations

Totally 30 students were benefitted to the technology training programme. The training programme organized by Dr.G.Selvabharathi, HOD of Civil Engineering and Mr.T.Sivaganesan, Assistant professor, Civil Engineering.
