rural DNA

rural Abhiyan is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the infrastructure of an inclusive India. The conceptualization of DNA started with the initiative of a group of dedicated faculty members of IIT Delhi working for long in the area of rural development and appropriate technology. The concept was nurtured through wide consultation with the representatives of a number of technical institutions.

About SSMII 1

Sri Shangnayaval Mills (SSM) is one of the leading business houses in Textile Industry in Dindigul District for over 30 years. SSM Group's strong desire to offer world-class high quality Engineering Education has led to the launch of SSMII 1 at Dindigul from the academic year 2011-2012. Knowledge is provided by teachers, text books and interactive media with others in the society. Skills could be developed only through personal practice. SSMIET imbibe those qualities in the younger generation, besides education. As a basic philosophy, all the students would be instilled with the importance of ethics, values, respect for nature and national pride.

About Conference

The objective of the conference is to demonstrate how rural problems can be treated as research challenges so that mainstream researchers take interest in order to get quality publications while solving socially relevant problems. This in turn will help in the documentation and awareness generation throughout the world not to mention. Satisfying the criteria for career advancement, it is expected that such activities among our younger generation will make them more conscious about the gross root level social issues enabling them to bring new technological solutions in the form of appropriate design or entrepreneurship models for the benefit of the rural

masses. In addition, other organizations working in similar directions are also invited to submit papers and participate to evolve sustainable synergy among ourselves.

CHILD MARRIAGE PROHIBITION (12.12.2022)

CHILD MARRIAGE PROHIBITION

REPORT

On 12.12.2022 (Monday) Mrs. S. Kausalya from Rediyar Chatrata Union office, Jhansi Rani - Admin OSC and Thavachelvi - OSC went to each class and explained in detail to the students about the problems caused by child marriage in our engineering college. This event started at 11.00 am. Around 190 students participated with great enthusiasm. Their explanation of Causes and Impact of Child Marriage are as follows :

Child marriage is no less than exploitation of right. In almost all places, the child must be 18 years and above to get married. Thus, marrying off the child before the age is exploiting their right. One of the most common causes of child marriage is the tradition which has been in practice for a long time. In many places, ever since a girl is born, they consider her to be someone else's property. Similarly, the elders wish to work out their family's expansion so they marry off the youngsters to characterize their status. Most importantly, poor people practice child marriage to get rid of their loans, taxes, dowry and more. The impact of child marriage can be life-changing for children, especially girls. The household responsibilities fall on the children. They are not mentally or physically ready for it, yet it falls on them. While people expect the minor boys to bear the financial responsibilities, the girls are expected to look after the house and family. Their freedom to learn and play is taken away. Further, their health is also put at risk due to the contraction of sexually transmitted diseases like HIV and more. Especially the girls who get pregnant at a young age, it becomes harmful for the mother as well as the baby.

At last the event finished at 01.00 pm with child marriage prohibition pledges from students.

TREE SAPLING CEREMONY

REPORT

A world record event of Tree planting (6 lakh saplings in 6 hours) held on 23.12.2022 (Friday) at Edayakottai in Oddanchatram Taluk of Dindigul District. Tamil Nadu Food and Food Supply Department (Food and Food Supply, Consumer Protection, Price Control) Minister Mr. Inaugurated by R. Chakrapani. Two additional ministers graced the occasion by participating. More than 200 students and 19 faculty members from our college participated in it. Also, A large number of college students, public works department employees, village administrators, social welfare department employees, local municipality department officers and government officials participated in this. Local municipality department officers guided us on how to plant a sapling properly. The trees are important in environmental and ecology concern. Neem, Punga, Vagai, Kodukkapuli, Amla, Arjuna, Vengai and Atthi and various new verities items were planted. Due to rain and water availability, 90% saplings are getting survival and people are involving in tree planting and rearing work. On that afternoon, lunch was organized for everyone by the government. Our students participated with great enthusiasm.

YOUTH RED CROSS

Indian
Red Cross Society

About:

The Youth Red Cross Society (YRC) was established in 2018 with the goal of bringing spirit of service and sense of duty with dedication and devotion in the minds of youth. It organizes Blood donation camp, one day workshop entitled, "Dissemination of Red Cross Principles" and Guest Lectures to create awareness on the care of their own health and that of others.

Main objectives

- To instil in students a sense of responsibility for their own health as well as the health of others, including blood and organ donation.
- To foster the growth and development of a spirit of service and sense of duty with dedication and devotion in the minds of youth.

Events Conducted in 2022-23:

Workshop on Dissemination of Red Cross Principles: 09.02.2023

Activities

We encourage humanitarian action among our pupils through our active YRC unit, which include

- ❖ Guest lecture on Road safety.
- ❖ Awareness programme for girl children's.

Report on Dissemination of Red Cross Principles workshop organized by YRC at SSMIET, Dindigul

A one day workshop on Dissemination of Red Cross Principles was conducted for the academic year 2022 – 2023 at seminar hall-3 on 2nd February at 9.30 A. M. The workshop was inaugurated with the hands of **Dr. G. Shanmugam**, Dean (S&H) in the presence of **Er. N. Sheik Dawood** B.E., M.Sc., M. I. F., Vice – Chairman, Indian Red Cross Society member, Dindigul, **Mr. A. Rajaguru**, Indian Red Cross Society member, (TN MC member), **Mr. M. Syed Abuthahir**, Red Cross District Secretary, Dindigul, **Dr. R. Rajavarman**, YRC District Co-ordinator, (MKU), APA arts and culture, palani and **Dr. A. Susilamary**, Dindigul. A total of 330 I year BE students were participated along with their department faculty. The function started with ‘Thamizh thai vaazhthu’, followed by lighting of lamps by dignitaries. **Mrs. S. Hemalatha**, YRC Programme officer, issued the welcome address, with her warm heart.

Er. N. Sheik Dawood, inaugurated the workshop. **Dr. G. Shanmugam**, Dean (S&H), and emphasized on the the importance of YRC. The workshop sessions focused on the basics of Red Cross Principles, First Aid, Psychological Counseling, Disaster Management, and road safety.

Mr. A. Rajaguru in his address said that, the seven fundamental principles, road safety and emphasized the importance of Education of 16 years. He explained the history of YRC. He compared the Survival of fittest theory with Mahabharat story which was appealing.

The seven Fundamental Principles

- The seven Fundamental Principles – humanity, impartiality, neutrality, independence, voluntary service, unity and universality – are the most important of these tools. They serve both as an inspiration – an ideal to strive for – and as practical steps to take to achieve that ideal in times of peace, armed conflict or natural disaster. They call on us to help those most in need first, regardless of their political affiliation, race or religion, and they make this possible by providing guidance on gaining the trust of people in all these circumstances.
- When the principles are understood and followed, Movement volunteers and staff generally find that people let them carry out their work to help those in need, even during conflict.
- The Fundamental Principles are also an expression of the values and ideals around which the Movement is united. Above all, the Principles are a call to action for Movement volunteers and staff, compelling us – as the Principle of humanity describes – to “prevent and alleviate human suffering wherever it may be found”.

Road safety

- Road safety is a safety measure to reduce the risk of road accidents and road side injury because of the mistakes of people while driving on the road. We cannot count the daily road side accidents and death of people because of the driving mistakes and lack of road traffic rules followers. Every person going on the road has risk of injury or death. Everyone needs to be well aware of the road traffic rules especially children and young people who are at significant road accident risks. It is found that most of the hospitalization cases and leading cause of death are because of the road trauma. Road safety is very necessary while being on the road and must know by all because road accidents are the leading cause of death. Everyone should learn the road traffic and safety rules at a very early age to perform safer behaviours in the later life.
- To create awareness on road safety among students and faculties. ♦ To understand the importance of a road safety and make aware about the importance of their and others life.
♦ To motivate the students and faculties to follow road safety.

Mr. M. Syed Abuthahir who took great pleasure in appreciating the volunteers, also cheered the students with his friendly speech. He encouraged the students to take a pledge along with him to keep the campus clean and green. Also, in his address said that the skill on first aid is very essential for the physical education teachers as there are sports related injuries occur in colleges and thanked for organizing the workshop. HE gave a crisp speech emphasizing the following points.

First aid

- The workshop sessions focused on the basics of first aid, and how to provide first aid in wounds, bleeding, musculoskeletal injury, burns, heatstroke, poisoning, bites, drowning, fainting, seizures and unconsciousness. All teachers had hands-on experience of dressing the wound, applying different types of bandages, splinting the injured body part, providing cardiopulmonary resuscitation, and transferring the victim.
- There was active participation by all the teachers and they expressed that the workshop will be very useful for them to meet the emergencies.

Dr. R. Rajavarman in his address said that psychological indicator, the importance and relationship between behaviors, thoughts and emotions, and awareness about disaster management and tricks to tackle disastrous situation.

Psychological Counseling

- Life skills where its meaning and significance were explained. The objective of this activity is to build resilience and reduce stress. Participants were asked to find a relaxed comfortable position and relax their body, after which they were instructed to inhale deeply through their nostrils, hold their breath for a Sec or two and to exhale through the mouth, while they exhale participants were also asked to stretch their hands assuming of letting go of their stress and tension. The objective of the activity was to help the participants know different physical & psychological indicators while expressing emotions, and also to help them understand the importance and relationship between behaviors, thoughts and emotions.

Why water conservation is important?

Sustainable Development Goal 6 (SDG 6) envisages availability and sustainable management of water for all by 2030. India is facing the challenge to serve 17% of the world population with 4% of the world's freshwater resources. Presently designated as a water stressed nation, India stores less than one-tenth of annual rainfall. Furthermore, disproportionate use of water for agricultural use, excessive ground water pumping and deficient monsoon in the last couple of years make the demand-supply balance more critical. As per NITI Aayog, India is facing water crisis with around 50% population experiencing high-to-extreme water shortage. In order to address water scarcity, it is important to undertake efforts for conservation, restoration, recharge and reuse of water. In this pursuit, Ministry of Jal Shakti (MoJS), Government of India is launching Jal Shakti Abhiyan (JSA) from 1st July, 2019. Ministry of Housing and Urban Affairs (MoHUA) is participating actively in the Jal Shakti Abhiyan (JSA) along with States/UTs/ Urban Local Bodies (ULBs) to make water conservation measures a Jan Andolan.

Thrust areas

- i. Rain Water Harvesting (RWH)
- ii. Reuse of Treated Waste Water
- iii. Rejuvenation of Water Bodies
- iv. Plantation

2. Interventions

2.1 Rain Water Harvesting (RWH)

Rain Water Harvesting (RWH) is collection and storage of rainwater from roof tops, roadside, open areas, etc. which can be stored for further usage or recharged into ground water to augment water resources.
