Artificial Intelligence in Neurosciences: A Clinician's Perspective

17th and 18th December, 2019

CSIR - Sponsored

A PROFILE OF SSMIET

SSM Institute of Engineering and Technology committed to generating, disseminating and inculcating knowledge to the youth. It is also determined to percolate such knowledge to the industry and society.

As a fast growing institute to achieve an excellence SSMIET Dindigul is an identity. SSM Institute of Engineering and Technology has been started with a view to impart quality education in Engineering and Technology. SSMIET offers six under graduate courses Automobile Engineering, Civil Engineering, Computer Science and Engineering, Communication and Electronics Engineering, Electrical and Electronics Engineering and Mechanical Engineering and two post graduate programs - Thermal Engineering and Communication Systems.

The department has organized Anna University sponsored FDPS, National Level Workshops and National Conferences. The Department also offers Master degree Program in ME - Communication Systems.

ABOUT THE WORKSHOP

The main goal of Artificial intelligence in healthcare is to extract clinically relevant information or knowledge from medical images. The workshop will provide brief insights of techniques for different Neuroscience modalities. The researchers are growing towards developing the knowledge and ability in addressing the health care needs using AI applications. The research scholars and the faculty of academic and research institutions are benefitted through this workshop by getting ideas to solve the latest research issues and happenings relevant to Neurosciences.

DEPARTMENT OF ECE

The Department of Electronics and Communication Engineering (ECE) was established in the year 2011 with a vision to nurture students as global leaders in technical education. The department is well-equipped with the state-of-art laboratories and is recognized as a Research Centre by Anna University, Chennai, to offer PhD and MS (By Research).
