World Earth Day'2023

World Earth Day is celebrated every year on April 22nd, and it is a global event aimed at raising awareness and promoting action towards environmental protection. World Earth Day provides an opportunity to raise global public awareness of the challenges to the well-being of the planet and all the life it supports. The Day also recognizes a collective responsibility to promote harmony with nature and the Earth, to achieve a just balance among the economic, social, and environmental needs of the present and future generations of humanity. In celebration of Earth Day 2023, Institution's Innovation Council of SSMIET has planned to organize competitions under the Sustainable Development Goals for World Earth Day on May 3, 2023 to create awareness about the need to save our planet and highlight the importance of nature and environment. Poster making competition is conducted in the theme of "Zero Hunger", "Decent Work and Economic growth", "Life below water", and "Life on Land". The winners of the competition are honored them to give the prizes by the President of Institution's Innovation Council of SSMIET, Dr. K.Vinoth Kumar, Professor/ECE and Vice President of Institution's Innovation Council of SSMIET, Dr.M. Rameswari, Professor & Head/Maths. The principal appreciated the efforts of the students. He also encouraged them to continue taking steps towards saving the planet.

World Environment Day 2022 – Report

The Institutions Innovation Council, in collaboration with the Department of Civil Engineering, hosted **World Environment Day 2022** on June 7, 2022 (Tuesday). Mrs. C. Merlin Rani, AP/Civil, Mr. T. Sivaganesan, AP/Civil, and Mrs. S. Saranya, AP/Civil coordinated the programme. At 10.30 A.M., the programme began with Enviro - walk. The event was attended by nearly 320 students from first-year and Department of Civil Engineering. The rally was initiated by Dindigul's Honourable **Deputy Superintendent of Police**. The rally was also addressed by the **YUVA Social Organization**. The gathering began at the Union Club and ended at the Collector's bungalow via Market Street at 11.15 AM. Students eagerly joined in the march, bringing banners and placards to raise environmental awareness. The sapling plantation programme was held at SSMIET after an Enviro - walk at 12 PM. Civil engineering students planted saplings to help mitigate the effects of global warming. The programme began at 2 P.M, followed by sapling planting. The event was attended of First Year , Civil Engineering students and faculty. Dr. N. Sampath Kumar, HoD/Chemistry, and Mr. S. Dhamodharan, IIC – President, as well as other S&H faculty, were in presence. The programme began with Tamil Thaai Vaazhthu, which was followed by the welcoming address by Ms. Karunya Lakshmi of the Final Year Civil Department. Special Address was given by Mr. S. Dhamodharan – IIC President and Dr. N. Sampath Kumar – HoD/Chemistry. The speakers encouraged the young minds to actively participate in activities and programmes that will

advance their careers in the future. In addition, the IIC president informed the students about the Institutions and Innovation Council at SSMIET. Following the Special Delivery, students who had enthusiastically participated in the events, received their rewards in various activities such as Make a Meme, Lights Camera Action, Let the Minds Battle, and Shutterbug. Students received a shield and certificates for winning first three places in all four events. Dr. N. Sampath Kumar - HoD/Chemistry, Dr. S. Dhamodharan -IIC - President, Dr. G. Selvabharathi - HoD/Civil, and Dr. S. Sudha - Librarian, distributed the prizes. Following the distribution of awards, the finest student work submissions were projected on the screen. The speakers complimented the youngsters for their enthusiastic involvement in World Environment Day 2022. Following the distribution of awards, the second-year students of the Civil Engineering Department staged a MIME drama on "**Incredible India**". The program concluded with Vote of Thanks delivered by Akash of Final year Civil Engineering followed by National Anthem at 3.30 PM.

ENVIRONMENTAL EDUCATION AND TRAINING

COLLABORATION OF SSMIET WITH WASH INSTITUTE IN PROMOTING CLEAN ENVIRONMENT

WASH Institute has been conferred with a National Level Award organized by India Today for “Best Institute on Sanitation Skill”. The organization has also been honoured with a National Level Award by Ministry of Housing and Urban Affairs (MoHUA), Government of India on “Technology Challenge for identifying and promoting solutions for cleaning and maintenance of septic tanks which eliminated the need for human entry”. WASH Institute has been awarded by FICCI under the Water Initiatives by NGO category. The organization has also won the “Best Practice Award on WASH” from the HCL Foundation consecutively for two years, in 2020 and 2021. The organization has also been honored with three medals (one gold and two bronze) at the prestigious Brandon Hall of Excellence Awards for e-learning course on sanitation, in 2021.

4. Other Terms and Conditions

4.1. Duration of MoU

This MoU, unless extended by mutual written consent of the institute, shall expire on 31-May 2025. However, the MoU shall be extended further by mutual consent based on necessity.

4.2. Termination

Either Institute shall have the right to terminate this MoU upon 60 days prior written notice to the other Institute, without prejudice to the rights and obligations accrued till such termination takes effect.

4.3. Confidentiality

a) WASH Institute and the SSMIET agree to hold in confidence all information / data designated by either of the Institutes as being confidential or that is reasonably presunable as confidential, which is obtained from either institute or created during the performance of the MoU and will not disclose the same to any third party without consent of the other institute.

b) The above confidential clause under this MoU excludes the information / data possessed by either institute before entering into this MoU or independently developed and / or information already available through public domain.

4.4. Intellectual Property Rights

The intellectual property rights (IPR) that arise as a result of joint research and collaborative activity under the agreement will be worked out on a case to case basis and will be consistent with officially laid down IPR policies of the two institutes. Pre-existing IPR of the institutions shall be the sole property of the respective institution.

4.5. Coordinators

Both Institutes shall designate persons as hereunder who will have responsibility for co-ordination and implementation of this agreement.

TREE SAPLING

DESCRIPTION:

A world record event of Tree planting (6 lakhs saplings in 6 hours) held on 23.12.2022 at Edayakottai Taluk of Dindigul District. Tamilnadu Food and Food Supply DepartmentMinister (Food and Food Supply, Consumer Protection, Price Control) inaugurated by Mr. R.Chakrabani. Two additional minister graced the occasion. By participating more than 200 students and 19 faculty members from SSM Institute of Engineering and Technology (SSMIET) participated in it. Also a Large number of college students, public works department employees, village administrators. Social welfare department employees, local municipality department officers and government officials also participated in it. Local Municipality department officers and government officials guided us on how to plant sapling properly. The trees are important in environmental and ecology concern. Neem,Punga,Vagai, Kodukkapuli,Amla Arjuna,vengai and Atthi and various new various items were planted. Due to rain and water availability 90% sapling are getting survival and people are involving in tree planting and rearing work. On that afternoon lunch was arranged for everyone by the government. Our SSMIET students participated with great enthusiasm.

RESEARCH AND SCIENTIFIC STUDIES FOR A NEW INNOVATIVE GREEN PRODUCTS/GREEN TECHNOLOGY

UI GREEN METRIC RANKING

The UI Green Metric World University Ranking is a ranking on green campus and environmental sustainability initiated by Universitas Indonesia in 2010. Through 39 indicators in 6 criteria, UI Green Metric World University Rankings prudently determined the rankings by universities' environmental commitment and initiatives.

CRITERIA & INDICATORS

SETTING AND INFRASTRUCTURE (SI) (15%)

The campus setting and infrastructure information will give the basic information of the university policy towards green environment. This indicator also shows whether the campus deserves to be called Green Campus. The aim is to trigger the participating university to provide more space for greenery and in safeguarding environment, as well as developing sustainable energy. The indicators are:

1. The ratio of open space area towards total area.
2. Area on campus covered in forest.
3. Area on campus covered in planted vegetation.
4. Area on campus for water absorbance.
5. The total open space area divided by total campus population.
6. University budget for sustainable effort.

ENERGY AND CLIMATE CHANGE (EC) (21%)

The university's attention to the use of energy and climate change issues takes the highest weighting in this ranking. In our questionnaire we define several indicators for this particular area of concern, i.e. energy efficient appliances usage, renewable energy usage policy, total electricity use, energy conservation program, green building, climate change adaptation and mitigation program, greenhouse gas emission reductions policy. With this indicator, universities are expected to increase the effort in energy efficiency on their buildings and to take more about nature and energy resources. The indicators are:

1. Energy efficient appliances usage are replacing conventional appliances.
2. Smart Building implementation.
3. Number of renewable energy sources in campus.
4. The total electricity usage divided by total campus population (kWh per person).

5. The ratio of renewable energy produced towards energy usage.
6. Elements of green building implementation as reflected in all construction and renovation policy.
7. Greenhouse gas emission reductions program.
8. The ratio of total carbon footprint divided campus population.

WASTE (WS) (18%)

Waste treatment and recycling activities are major factors in creating a sustainable environment. The activities of university staff and students in campus will produce a lot of waste, therefore some programs and waste treatments should be among the concern of the university, i.e. recycling program, toxic waste recycling, organic waste treatment, inorganic waste treatment, sewerage disposal, policy to reduce the use of paper and plastic in campus. The indicators are:

1. Recycling program for university waste.
2. Program to reduce the use of paper and plastic in campus.
3. Organic waste treatment.
4. Inorganic waste treatment.
5. Toxic waste handled.
6. Sewerage disposal.

WATER (WR) (10%)

Water use in campus is another important indicator in Green metric. The aim is that universities can decrease water usage, increase conservation program, and protect the habitat. Water conservation program, piped water use is among the criteria. The indicators are:

1. Water conservation program implementation.
2. Water recycling program implementation.
3. The use of water efficient appliances (water tap, toilet flush, etc)
4. Treated water consumed.

TRANSPORTATION (TR) (18%)

Transportation system plays an important role on the carbon emission and pollutant level in university. Transportation policy to limit the number of motor vehicles in campus, the use of campus bus and bicycle will encourage a healthier environment. The pedestrian policy will encourage students and staff to walk around campus, and avoid using private vehicle. The use of

environmentally friendly public transportation will decrease carbon footprint around campus. The indicators are:

1. The Ratio of total vehicles (cars and motorcycles) divided by total campus population
2. Shuttle service
3. Zero Emission Vehicles (ZEV) policy on campus.
4. The ratio of Zero Emission Vehicles (ZEV) divided by total campus population.
5. Ratio of parking area to total campus area.
6. Transportation program designed to limit or decrease the parking area on campus for the last 3 years.
7. Number of transportation initiatives to decrease private vehicles on campus.
8. Pedestrian path policy on campus.

EDUCATION AND RESEARCH (ED) (18%)

This criterion is based on the thought that university has an important role in creating the new generation concern with sustainability issues. The indicators are:

1. The ratio of sustainability courses towards total courses/subjects.
2. The ratio of sustainability research funding towards total research funding.
3. Number of scholarly publications on environment and sustainability published.
4. Number of scholarly events related to environment and sustainability.
5. Number of student organizations related to environment and sustainability.
6. Existence of a university-run sustainability website.
7. Existence of published sustainability report.

Environmental awareness through Unnat Bharath Abhiyan scheme

Ministry of Human Resources Development (MHRD), Government of India has launched the national program called Unnat Bharat Abhiyan (UBA), with the vision to involve professional and higher educational institution in the development process of rural areas in the country to achieve sustainable development and better quality of life. Indian Institute of Technology, Hauz Khas, New Delhi has been designated to be the National Coordinating Institute by the Ministry.

Our Institution SSM Institute of Engineering and Technology & C-45320 has agreed to participate in UBA as a participating Institute (PI). Dr. D. SENTHIL KUMARAN, Principal, has been duly authorized in this regard from our side to carry on the activities of UBA in our organization as Project Coordinator.

Under the UBA program every Participating Institute is to adopt a cluster of five villages in consultation with the Districts Collector. The following villages are adopted by SSMIET.

OBJECTIVES

1. Building institutional capacity in Institutes of higher education in research and training relevant to the needs of rural India.
2. Provide Rural India with professional resource support from Institutes of Higher Education especially those which have acquired academic excellence in the field of Engineering and Technology.

S.No.	Name of the Villages	Taluk (Block)	Name of the District
1	Muthanampatti	Athoor	Dindigul
2	KuttathuAvarampatti	Athoor	Dindigul
3	Mylapore	Athoor	Dindigul
4	Palamrajakkapatti	Athoor	Dindigul
5	Kunjanampatty	Athoor	Dindigul

PLAN OF ACTION

Item of work	Time from the date of launch
Selection of the Cluster	One month
Awareness generation	Two months
Social mobilization	Three months
Baseline Survey	Three months
Situation analysis	Five months
Village development plan	Seven months
Approvals and sanctions	Eight months
Implementation in the field	Nine months
Progress Review	One Year

THE FOLLOWING STRATEGIC PLANS HAVE BEEN SUGGESTED:

- The baseline survey completed and followed by household survey and village level survey.
- Awareness (covid-19) /campaign on-line based programme for adopted villages.
- The technical proposal for respective department is being proposed.
- Wastewater plant / RO water plant

- Solar power applications
- Two-wheeler workshop
- Electronic gadgets repair
- Power cycle
- Mobile apps for Rural development & e-governance centre

The above proposals planned to have direct impact on the beneficiaries in the adopted villages.

DEPARTMENT OF CIVIL ENGINEERING

ACADEMIC YEAR: 2022 – 2023 (ODD SEMESTER)

REPORT

on

VALUE ADDED COURSE ON

NON-SEWERED SANITATION IN ACHIEVING

SWACHH BHARAT MISSION 2.0

Date : 10/8/2022 12/8/2022

Venue : Video Conference Hall

Course Co-ordinator : Dr.D.Hemalatha Vice Principal, WASH Institute.

Event Co-ordinators : Mrs.C.Merlin Rani & Mr.V.Praveen Jesuraj, AP/CIVIL.

The Department of Civil Engineering had organized “Three Days Value Added Course on Non-Sewered Sanitation in Achieving Swachh Bharat Mission 2.0” for III & IV year students from 10/8/2022 to 12/8/2022. The Course was commenced with the inaugural function at 9:30a.m (Seminar Hall 1) on 10/8/2022 with Tamizh Thai Valthu, followed by Welcome address by Dr.G.Selvabharathi. Mrs.C.Merlin Rani had introduced the Course coordinator and trainer to the gathering. The Course coordinator Dr.D.Hemalatha gave an Introduction about Non-Sewered Sanitation Public health sanitation-Nexus and Scope of NSS in Swachh Bharat Mission 2.0 and the trainer Ms.Vinitha had shared few points on Sanitation and the session was ended with National anthem at 10.45 a.m.

The students were asked to assemble at Video Conference hall at 11:00 a.m. and the first session was handled by Dr.D.Hemalatha.

The following topics were discussed in Technical session.

- Public health and sanitation Nexus
- Overview of Non-Sewered Sanitation (NSS)
- Scope of NSS in Swachh Bharat Mission 2.0
- Small scale Sanitation Systems in India
- Faecal sludge and septage Management – stake holders and Interventions

After this session, the student was refreshed with some activities.

In the technical session II on 11/08/2022, the following topics were discussed.

- Decentralized Waste water Treatment Systems
- FS containment Systems, Emptying and Transportation
- FS Treatment Technologies
- Resource recovery from Fecal sludge
- Gender Inclusive Sanitation

In this Session, students are divided into four groups, such as commissioner, FSTP operator, Truck operator, Health department and were given with a case study on "FS crisis in a city" and they were informed to give their views to solve this crisis. Students had actively participated in this activity and shared their own ideas on this issue.

In technical Session III on 20/8/2022, students had visited the WASH institute at Rediyarchatram and the whole team of students were separated into 3 groups and they were demonstrated with the mobile sludge treatment unit , followed by chemical testing laboratory and viewed the various types of cost effective materials used for construction of toilets, septic tank models, sanitary napkin incinerators and they were explained with how to use the decomposed sludge and treated water for natural plants.

By this programme, the students came to know about the importance of Faecal Sludge disposal / treatment systems and also on Swachh Bharath Mission.
