REPORT

Department of CSE had organized **workshop on** "Red hat linux 1 day training" by **Mr. Suresh kannan Trainer, School of Linux.**

Guest speaker of the session has started his talk with the necessity of the Patent. He has also explained the importance of Red Hat Linux and its functionalities in the Computer Science Field. Further, He gave details of how Red Hat Enterprise Linux can help you deploy, manage and innovate on a platform that will meet your needs today and scale for the future. The session was very useful to faculty members as they became aware for importance of Redhat Linux.

OBJECTIVE

The objectives of Red Hat Linux are to customize the operating environment and complete basic command-line tasks1. Red Hat's vision statement identifies the goals of Red Hat and the Linux Revolution to facilitate its strategic, managerial, as well as general decision-making processes.
OUTCOME

The outcome of this awareness program is that the faculty got awareness on Redhat Linux. It supports and powers software and technologies for automation, cloud, containers, middleware, storage, application development, microservices, virtualization, management, and more.

Dr.D.SENTHIL KUMARAN, M.E., Ph.D., [NUS]
